It seems this is a problem with site template styles so we can investigate the problems if you provide a link to a page where we can see the menu.

Add the following CSS rules:

BODY #leftblock,

```
#leftblock .inside,
#leftblock .yjsquare,
#leftblock .yjsquare_in
{
 overflow: visible;
}

#leftblock UL.ux-menu LI
{
 padding-left: 0;
}
```
