
Aligning horizontal menu to the right

Posted by guyweisz - 2013/12/30 17:40

Hi there.

Could you tell me how to align the main menu on my website to the right?

Thanks!!

Guy

Hello,

Add the following CSS rules:

```
#slsh .ux-menu-container
{
    text-align: right;
}
```

```
#slsh .ux-menu
{
    display: inline-block;
}
```

Regards,
ARI Soft
