Same width on sub menu items

Posted by rvg - 2015/11/23 16:12
_____

Hi,

Is it possible to give the same width to sub menu items? I would like to set the width of the longest text for all sub menu items.

Thanks in advance.

Kind regards,
Richard

Hello,

Set "Auto width" parameter to "Yes" in module settings.

Regards,
ARI Soft
