## navigationbar problems

Posted by webmaster@interwhere.nl - 2016/02/05 17:12

---

My share button is not working and also the PDF view is not showing an icon.

---

Hello,

This problem with site template styles. Add the following CSS rule to a site template CSS file and clean browser's cache:

, {font-family: "icon\_book" !important;}

Regards,  
ARI Soft
