
Fullscreen and scaling

Posted by webmaster@interwhere.nl - 2016/02/05 17:15

When i use full screen is see a lot of white borders. Is it possible to set the heigth and width of the full screen book?

Or what is the best picture size for the smartbook. so when i scale the page it's not stretched out

Hello,

Could you send a screenshot where we can see the problem?

Regards,
