Menu text is not under image after upgrading Jooml
Posted by sohopros - 2017/05/02 00:28

_____

Hi,

I upgraded Joomla to 3.7 and my menu "broke".
Before menu item text was under image (See live website : http://www.cleanwatershed.org/)
Not it is near image: http://www.wshed33.devsoho.com/.

How I can fix it?

Please advise,
Sandra

_____

Hello,

The page doesn't contain "ARI Ext Menu" module.

Regards,
ARI Soft
