Many lines in one menu Posted by sypou - 2010/08/04 08:55

Hi there,

I would like to know if it is possible to have more than one line in one menu. The image below may help you to understand what I really need.

I tried to use

Code:

but did not work. The problem is that the menu becomes too long.

Thank you,

Sypou

Hello,

Sorry, but the module doesn't provide this ability.
