## Change Hamburger Position or supress hamburger?

Posted by pfleix - 2019/12/07 11:47

---

Hy!

The hamburger menu button is oriented most left on the screen on mobile. Can I place it on the right side?

Can I suppress the hamburger icon and just show the menu?

Thanks

=====

Hello,

We guess a hamburger icon is shown by your site template for particular module position. We can check it if you provide a link to a page with the menu.

Regards,

ARI Soft
