
Menu prob

Posted by horwich - 2010/10/05 17:16

On my website

www.hrmicc.com/joomla15

I want the menu to stretch the who of the whole length (ie same length as banner)

Is there any css code for this?

Thanks for a great product

Hello,

You can try to use the following CSS rules, but it isn't flexible solution:

```
body #pathway
{
  margin-right: 0;
}
```

```
body #search
{
  position: absolute;
}
```

```
#ariextmenu_ariext31 LI.ux-menu-item-main
{
  width: 155px;
}
```

Regards,
ARI Soft
