
How I can remove the bullets in the horizont menu?

Posted by francosa - 2010/10/13 15:29

How I can remove the bullets in the horizontal menu?

I tried using some examples in the forum, but do not work.

You could throw a look?

Hello,

It seems this site contains only vertical menu. Provide link to page where we can see horizontal menu please.

Regards,

ARI Soft

Ready and published the horizontal menu.

Is under the central banner

Yep... available for guests.

Take a look

Add the following CSS rule:

```
.ux-menu-container .ux-menu li
{
padding-left: 0;
background-image: none;
}
```

Thank you very much!

Now I try to fit all of the menu in the space I have.
