Hello,

Use the following CSS rules:

```
UL.ux-menu LI UL.ux-menu-sub LI A
{
    background: red;
}
```

```
UL.ux-menu LI UL.ux-menu-sub LI A.ux-menu-link-hover,
UL.ux-menu LI UL.ux-menu-sub LI A:hover,
UL.ux-menu LI UL.ux-menu-sub LI A:focus
{
    background: green;
}
```

hi, thanks, but it didn't work... I mean the real background of the submenu, not the items.
I'm attaching a file.
Thanks! http://www.ari-soft.com/images/fbfiles/images/background_menu.jpg

Hi, thanks for your great help.
Just one more thing please: I'm still having trouble with the styles.
I discovered that when I roll over the parent items the right white line dissapears... :huh:
thanks again and again!
