
Icons left Don't Show

Posted by flipper - 2010/10/25 19:13

Hello i new, but I search about my problem for 2 horus and dont find similar problem in forum.
The question is this: The joomla have a default possibilite to put icons (images in left), for lines in menu...

Is possible to Ext Menu, have icons in this menu?

Sorry if this inssue was already correct.

Have a nice day

Hello,

Currently the module doesn't support ability to use icon for menu items.
