## how to use the module

Posted by mani971 - 2010/10/26 11:56

---

sir,

I m a begginer... I am using this module... I have facing the problem that it show the repetition of the top menu ITEM

[http://www.ari-soft.com/images/fbfiles/images/Capture\\_\\_1600x1200\\_.jpg](http://www.ari-soft.com/images/fbfiles/images/Capture__1600x1200_.jpg)

ALSO I don`t want to change the colour of my TOP menu bar and also don`t need to use the crstal tupe effect on it...

pls solve my problemss...

Hello,

Regarding repetition, check that previous top menu module is disabled. About styles, it seems you site template apply specific styles for specific menu module and it can't work with other menu modules that it works it requires create custom CSS rules.

Regards,
