Menu under the other boxes

Posted by msdundar - 2010/12/18 15:07

_____

Hi, I'm using AriExtMenu and thankfull to the developers for this nice plugin.

But my menu is looking under the other boxes?

How can I fix this :(

_____

Hello,

It looks like problem with site template styles. Provide link to page where we can see this problem please that we can investigate this problem and try to help.

Regards,
ARI Soft

_____

This problem can be fixed if your site template support module class suffix.
