hi

how can i change layout of my quiz?

Kindly guide me

example

category1

q1

q2

category2

q1

q2

q3

category3

q1

q2

q3

i want category 3 to be placed again on the top.I dont want all categories to be displayed as verticles.

can i partition layout like in joomla user1 and user2 position are?

thanx in advance

Hello,

You can modify the following template file for your needs:

/components/com_arquizlite/view/quiz_list.html.php
