
detailed statistics

Posted by kkshansid - 2011/03/03 15:20

Can users look through the detailed statistics of the quizzes they passed.
they want to know what was the right answer and what they answered?
i want to know is it available with ariquizlite version?
if it is not can i code for that?

Hello,

"ARI Quiz Lite" can't show detailed statistics on frontend.

Regards,
ARI Soft
