Hi, I would like to know if it is possible to eliminate the option that points out the number of questions. That is I would like to create a quiz where the consumer doesn't know of how much answered I am there. How can I do? The voices to be cancelled are suitable in the photos that I have attached. http://www.ari-soft.com/images/fbfiles/images/delete_camp.png

Hello,

You can remove unnecessary element from \components\com_ariquizlite\view\question.html.php template file.
