catogory appears link

_____

I want to "catogory" appears "link" so that when I click on it will display the list of "quiz" that I should do?

Re:catogory appears link

_____

hi
my problem is that whenever i click continue button it shoves me result page but i even did not start when it refresh it it takes me to the quiz list page. 2 weeks before i ve changed the hosting server. does it cause the problem?

for example
http://www.burctaltcenter.com/index.php/en/asd.html

Re:catogory appears link

_____

Hello,

We can investigate the problem if you provide a temporary access to your J! backend by email.

Regards,
ARI Soft
