www.TwinIslandInvestments.com

I even tried creating a menu item for the quiz and it does not show up.

Hello,

We can investigate the problem if you provide a temporary access to your J! backend by email.

Did you receive my temporary access?

I emailed it.

I peeked in the database and figured it out.

I add this to my domain to view quiz id #1

index.php?option=com_ariquizlite&view=quiz&quizId=1&task=quiz
