Hi,

How do I create a list of monthly and weekly User points?

Month's Top 10
All Time Top 10
Example Test's Top 10

The collection of users score possible?

Thanks in advance...

Hello,

ARI Quiz Lite modules don't provide this ability, but you can create your own Joomla! module(s) for this purpose or you can use ARI Quiz component. Modules from ARI Quiz support this possibility.
