
Adding rich text to answer field

Posted by sanjurs - 2013/02/20 10:39

How to add rich text in answer field?

Is it possible to add html like ?

=====

Hello,

"ARI Quiz Lite" doesn't support this ability, but "ARI Quiz" supports ability to use HTML for answers and it is also possible to use WYSIWYG editor to edit answers.

Regards,
ARI Soft
