Hello,

What link do you mean? Do you want to create a menu item for quizzes results?

like the detail result in this thread
<http://www.ari-soft.com/ARI-Quiz/41350-Detail-results-without-correct-answer.html#41350>

the user want to get the result of those question they failed,both user and correct answer.

Hello, Just wanna ask,
Can these parameters{\$UserName}{\$SpentTime}{\$QuizName}{\$StartDate}
{\$EndDate}{\$MaxScore}{\$UserScore}{\$PercentScore}{\$PassedScore}{\$Passed}{\$Email}{\$ResultsLink}{\$SummaryByCat
egories} be used outside the text template, is it possible to make their values appear somewhere else, like in an article?

If I upgrade from ARI Quiz Lite 1.2.3 to ARI Quiz latest version, whether my existing quizzes and results will be kept?
