
lag time

Posted by amitvns04 - 2014/01/03 14:53

sir what is the use of the last option "lag time"
how can I use this option?

=====

Re:lag time

It is a minimum period of time in second after which an user can take the quiz again. If you don't want to use this ability, set the parameter to 0. This parameter is used for registered users.

Regards,
ARI Soft
