## quiz result list

Posted by adivikash - 2010/06/27 07:43

---

Hi

I need to do 2 changes in quiz result sheet:

1. Date Format from yyyy-mm-dd to mm-dd-yyyy?
2. Rename the word "Quiz" to "Test"?

Anything possible? Which file/s should I change?

Thank you

Hello,

Regarding your questions:

1. Open the following files /components/com\_arquizlite/view/quiz\_stat.html.php and /components/com\_arquizlite/frontend\_pages/quiz\_stat.html.php, find ArisDate::formatDate code and pass as the second parameter date format string.
2. You can edit messages in 'Frontend Languages' and 'Languages' section.

Regards,  
ARI Soft
