
The number of points on the time

Posted by asteroidx - 2014/09/12 06:58

Good afternoon! whether it is possible to realize the dependence of the number of points on the number of seconds or minutes?

Hello,

Could you describe your requirement in more details (provide a sample if possible)?

Regards,
ARI Soft

Eg. The answer to the question within 5 seconds gives 10 points, within 5-15 seconds gives 9 points and so on.

The extension doesn't support this ability.

Is it possible to do arithmetic operations with variables and output the result. For instance variable {\$SpentTime}

It requires custom modification of the extension.
