Hello,  
I purchase Ari Quiz on Oct, 22nd, 2014. Now I want to translate all text labels from Eng to Vietnamese but I can't find any options to do it. When I used Ari Quiz Lite, I've ever translated text labels to Vietnamese but in current version, I can't do this.  
This is my Ari Quiz screen. Can you tell me how to do it.  
Thank you! [http://www.ari-soft.com/images/fbfiles/images/ari\\_quiz.jpg](http://www.ari-soft.com/images/fbfiles/images/ari_quiz.jpg)
