Opinion type question - Answer is always correct
Posted by alexc - 2014/12/08 16:55

_____

Hi Guys,
Is it possible to have an opinion type question, so that an answer will always be correct regardless of what is selected ?

I have not been able to find an option for this just wondering if there is some way of achieving this

Cheers,
Alex

_____

Hello,

"ARI Quiz Lite" doesn't support this question type. "ARI Quiz" supports "Essay" question type. It shows a textarea where a user can enter a text. This question type without score.

Regards,
ARI Soft
