question options Posted by s56ips - 2014/12/23 11:11
I trying to make quiz in AriQiz Lite but I have some problems i manage to insert 4. option for answer - the question in backend now have 4 options of answer to chose with radio button but on frontend - web page i see only three (3) optiions help please
I try to reload page, start quiz again,nothig helps
samo

Hello,
Could you provide a link to a page where the problem occurs and a temporary access to your J! backend by email so we can investigate the problem?
Regards, ARI Soft
