Hy i tried your extension Ari quiz lite its very usefull.

Could you please tell me if the Ari quiz lite version 1.2.7 has a limitattion only on 10 question on a quiz?

I have entered 14 questions for a quizz but it only shows max 10 of them,and the rest of them are ignored.

I am using Joomla! 3.3.0 Stable 30-April-2014 14:00 GMT

Thank you

Hello,

Use "Question count" parameter in quiz settings. Set it to 0 if want to show all questions. If you change value of the parameter, complete previous quiz session and start a new one to use new settings.
