
Errors displayed on the front end

Posted by dan123 - 2019/03/12 11:59

Hi, These errors are being displayed on the front end of my website. is there anything that could be done to fix this problem?

Hello,

You can disable notices in Joomla! settings. See "Error Reporting" option on "System -> Global Configuration -> Server" page on Joomla! backend.

Regards,
ARI Soft
