
ERROR Call to a member function children() on bool

Posted by xenofon - 2019/08/21 08:40

When trying to do a quiz it shows the following attached message. I can't access it neither from the backend. Any thoughts? https://www.ari-soft.com/images/fbfiles/images/Screenshot_8.png
I am using joomla 3.9.11 and php 7.3.8

Hello,

Could you provide a link to a page where the problem occurs and a temporary access to your J! backend by email so we can investigate the problem?
