Hello,

Could you specify what problem you have with PHP 7?

Regards,  
ARI Soft

Hello,

If PHP 7.0 or 7.1 quiz working but in site frontend displayed message -

Warning: Declaration of AriXmlHelper::getData(\$rootNode, \$tagName = NULL, \$default = NULL) should be compatible with AriXmlHelperBase::getData(&\$rootNode, \$tagName = NULL, \$default = NULL) in administrator/components/com\_ariquizlite/kernel/Xml/j30/class.XmlHelper.php on line 0
