
Is it possible to remove the navigation buttons?

Posted by mistan - 2011/03/06 05:28

Is it possible to remove the navigation buttons and just use the arrows?

Thanks again for any assistance.

Tony

Hello,

Download and upgrade "ARI Slider" module please. New version contains "Show menu" parameter. It helps to hide navigation menu if necessary.

It is available in "Member Area". We updated the module after your post.
