
{ \$title\\|truncate:10} not working in J1.7

Posted by outtherechris - 2011/07/27 09:23

Hi I don't seem to be able to truncate in the module.

<http://freelance-recruitment-services.co.uk> right hand column.

Your help much appreciated.

Thanks
Regards
Chris Lewis

Hello,

Use the next code please:

{ \$title|truncate:10}

Regards,
ARI Soft
