
can slider pause on mouseover

Posted by bryanbgdwebcom - 2011/08/31 17:51

Hello.

Is there a simple way to make the slider pause while the cursor is over (hover) an image when the module is set to cycle?

Hello,

Currently the extension doesn't support described ability, but you can submit feature request here and we will think about implementation this feature in a future release.

Regards,
ARI Soft
