
(RESOLVED) ARI SLIDER shows only first article

Posted by stderossi - 2011/10/19 17:31

Hello i'v bought ari slider but i can't figure out why it onlsey shows the first article of the selected categories where there are at least 5.

can someone give me a tips

www.admind.it righ bottom module

thanks
STefano

Hello,

Set value more than zero for "Auto Rotate" parameter. For example set it to 2000 value.

Regards,
ARI Soft
