
Issue with \"template\" and double quotes

Posted by fellow - 2011/12/05 16:03

Hello,

This is good module! Please see the slide on site: <http://provitabucuresti.ro/4/> . i have the following template:

```
{ $title } { $introtex } Citeste { $title }
```

So, for slide #1, code should be:

BUT there seems to be a problem with quotes: "" , because code is

I'm asking if is possible to include double quotes in "title" atribute, so on mouse hover title will look like "obiectia de constiinta", including "" ? How to escape double quotes in title attribute using your module? This could be a "feature request" :)

Hello,

Could you provide temporary access to your J! backend by email so we can investigate an issue?

Regards,
ARI Soft

Try now please.

PS: Updated module can be downloaded in "Member Area".

Regards,
ARI Soft
