ari slide & safari
Posted by bsakkers - 2010/01/25 17:50

_____

hi there
bought the slider yesterday,
tested it in IE8 and works great!
But....is isnt scrolling in Safari?

http://www.barrysakkers.com/test

Kind regards,

Barry

_____

Hello,

If you open javascript error console in your browser, you can se that it contains error. It looks like a conflict between different javascript libraries, "Shadowbox" and "ARI Slider" are using jQuery, your template use MooTools. If you can provide temporary access to your Joomla! backend by email, we'll investigate this issue more deeply.

Regards,
ARI Soft
