Ari slider don\'t work on my local website

Posted by baymaro - 2010/02/16 12:37

_____

He I buy Ari Slider on last 3 days ago and i install it successfully in a joomla 1.5 website in local.
But i cannot see anything on my frontend. What are the possible reasons of that ?

_____

Hello,

Provide more information please, you see blank page on frontend, plugin code (if you use plugin) or something another?
And provide screenshot of module settings page by email please.

Regards,
ARI Soft
