---

Hello i have a problem in IE7 the pictures i am displaying go down 2 pixels every time it moves.  
And at the last image it jumps back to starting position i only need to change this for IE7.  
I have a style sheet for IE7 so what do I need to add?

Thanks for any help.

Never mind found a solution added this to my IE 7 style sheet: :cheer:

```
#easyslider_121{border-width:1px;  
border-color:#007c92;  
border-style:dashed;  
background-color: #F1F2F4;
```

```
    vertical-align: middle;  
    padding-left: 12px;  
    padding-top: 16px;  
}
```
