hi,  
how can i change the nav-arrows, marked with a red circle in the attached screenshot, to a darker shade. Since they are almost invisible on a white background.

And can i change the position of the navigational bar, marked with a red circle in the attached screenshot. <http://www.ari-soft.com/images/fbfiles/images/screenshot-f394564a65db44b95e0e367cdfb33208.png>
