## images in slider

Posted by crispuchita - 2016/04/20 08:15

---

Hi guys,

im trying to find out why my images won't get in the center of the slider.  
The sizes are all te same as the slider size even so they get place from the top.

Why is this happening? Can someone help me please?

Thanks in advance,

Cris

Hello,

Send a link to a page with the slider.

Regards,  
ARI Soft
