Display Description below image ARIImageSlider

Hey all,

is it possible to display the image description from ariimageslide.ini among the image?

At the moment the description is inside the image (see pic), but I try to display the text below the image.
I tried to edit the sytle.css in path mod_ariimageslider/js/themes/default and the nivo-slider.css in path mod_ariimageslider/mod_ariimageslider/js/themes. But until now, nothing worked for me.

Thank you very much! https://www.ari-soft.com/images/fbfiles/images/file.png

Hello,

Sorry, but the extension doesn't support this ability.
