This is my website: [www.naslepishro.com](http://www.naslepishro.com)  
Currently I am using a plugin that  
When complete loading page show an image,  
Only on First visit and set Cookies.  
Is there a feature in your plugin??

-----  
Your plugin is really unique, And I'm going to buy it, And I recommend to others.

Hello,

Yes, the extension can show the lightbox when a page is loaded and it can show lightbox all time or only once.
