How to stop related videos at the end of Youtube

Posted by alexmartin - 2011/10/26 04:45

_____

Lightbox anywere.

How can i prevent related Youtube videos to show up at the and of playing Youtube video in the lightbox? I dont want my visiters to be distracted on other choices after they watched the video i want them to watch. ?

This is critical for my site. Is there any field i can use on the back end in administrative settings to ad &rel=0. Or may be you can point what file to edit?

Here is what should be aded at the end of the youtube url:
&rel=0

I do want all videos from any site, including Youtube , Vimeo and other NOT to show Related at all.

Lookng forward for tyour advise.
Thank you.

Hello,

For YouTube videos, add "rel=0" request parameter to video url. If original link looks like:

http://www.youtube.com/watch?v=WyA1dzfKywg

use the next one to disable related videos:

http://www.youtube.com/watch?v=WyA1dzfKywg&rel=0

Vimeo service doesn't provide this feature to free version of their player. You can read about it here.
