## Broken SSL - ARI SL & Joomla 2.5.4

Posted by kchino - 2012/04/22 21:07

---

I just purchased and installed ARI Sexy Lightbox system plugin and module. Just wanted to display some youtube videos on one page in a module. Now all my pages SSL is reporting insecure content even if I disable the module. Can you help I need SSL working properly more than this plugin.

Hello,

Could you provide a link to a page where we can see described problem?

Regards,  
ARI Soft
