\"Empty\" tooltip appearing in Chrome

Hello! I've encountered a strange error with the SexyLinks plugin.

On mouseover, I'm seeing an "empty" title tooltip. (The little yellow box in the attached screenshot.)

I've removed both the alt and title attributes for this link, but I'm still getting this empty tooltip.

This only happens in Chrome. (The latest version -- I updated, and the error persists.)

When I disable the SexyLinks plugin, the empty tooltips don't appear.

J!2.5.4.

Can you offer any assistance?

Thank you! http://www.ari-soft.com/images/fbfiles/images/Screen_Shot_2012_06_01_at_10.png

Hello,

Could you provide a link to a page where we can see the problem?

You'll need these creds to view the page:

admin
***

Thanks!

The page doesn't contain "ARI Sexy Lightbox" extension.

Sorry about that. I was testing another plugin.

It's now set back to Sexy Links.

Download and upgrade "ARI Sexy Links" plugin. After this clean browser's cache. It should help.
