Hello!
Sorry for the automatic translation.
Thank you very much for a wonderful addition to Joomla.
I had the following problem:
In the browser, IE8 no picture is shown in a popup window. The frame of the window is, but there is no picture.
In all other browsers, everything is displayed correctly.

Hello,

This problem with site template styles. Add the following CSS rule to fix the problem:

```
#SLB-Wrapper IMG {max-width: none;}
```
