## why is my order in pending status?

Hello, I ordered ARI Sexy Lightbox 4 1/2 hours ago. I've never purchased a joomla extension where I did not get immediately delivery (nor have I ever purchased one that required a screenshot tutorial on how to order). How can I download my product? The member area says order is pending.

Hello,

Sorry for the delay. Your payment was verified and the extension is available in "Member Area".

Regards,  
ARI Soft
