
lightbox with youtube video

Posted by mistan - 2013/07/16 18:17

Dear Support,

Is there any reason that the lightbox works fine with images, but the round border disappears when play youtube video?
link here

Thanks for the wonderful product and support.

Hello,

What browser do you use? The lightbox is shown fine for us:

It works fine in IE and FF, NOT in Chrome.

Add the following CSS rule to a site template CSS file:

```
#SLB-Contenedor {overflow:visible !important;}
```

It seems you added the CSS rule to an incorrect place. Where do you add it?
